SUMMARY

Motivated and self-driven developer with foundational knowledge in building responsive, user-friendly web applications. Proficient in modern web development technologies and passionate about creating intuitive designs and seamless user experiences. Continuously learning and applying skills through personal projects and collaborative efforts.

WORK EXPERIENCE

Frontend Intern - HotFoot AI   **Jan 2025 -Present**

- Worked with the founding team to build intuitive UI and improve UX using user feedback. Integrated AI features into the frontend for personalized travel planning. Took ownership of key frontend modules in a fast-paced startup environment.

Web Designer - Jigoplast   **Oct 2024 - Dec 2024**

- Rebuilt the company website using React.js and Tailwind CSS with a focus on responsive design. Conducted UI/UX audits, improved SEO and performance, and aligned the redesign with brand goals through close collaboration with stakeholders.

PERSONAL PROJECTS

Hot-Foot AI

- AI-powered travel assistant that crafts personalized, real-time itineraries by integrating with users' calendars, emails, and preferences.

Smartplaylist

- SmartPlaylist is an AI-driven app that creates personalized music playlists based on user preferences,integrating with Spotify for easy playlist management.

Kahani

- Kahani is an AI-powered movie and TV show recommendation platform that provides personalized suggestions based on user prompts. It uses GPT-4 Mini and TMDB API to enhance discovery, allowing users to explore trending content, search by genre, and save favorites.

Expense Tracker App

- A cross-platform mobile app for managing daily expenses, built with React Native, Node.js, and MongoDB. It allows users to add, view, and categorize expenses, with visual insights through charts and summaries.

Portfolio Website

- Designed and developed a personal portfolio to showcase projects and skills. Built with React.js and Tailwind CSS, focusing on clean UI, responsive design, and fast performance. Includes interactive project demos, resume, and contact form.

EDUCATION

SRM UNIVERSITY DELHI-NCR   **2021-2025**

- BTech in CSE with specialization in Data Science and Artificial Intelligence
